

Reference

Summary

All the list type information, such as installer properties, in alphabetical lists etc.

In this section...

[Supported Platforms](#)

A list of all the platforms supported by Tachyon, and the software required to allow Tachyon to be installed or to work.

[1E Companion Products](#)

A list of the feature dependencies between Tachyon and other 1E companion products.

[Server Sizing](#)

Server sizing guidelines and recommended configurations for on-premises installation in customer environments.

[Communication Ports](#)

A diagram and a table with a list of all the external Tachyon communication ports. Useful, if needed, for network and device firewalls.

[Naming conventions](#)

Suggested naming conventions for repositories, connectors, and schedules.

[Log files](#)

Details of Tachyon Server and Agent log files.

[Server installers](#)

Windows Installer properties for each of the Tachyon server installers.

- [Tachyon Server installer properties](#) — A table of the Windows Installer properties for the Tachyon Server installer.
- [1E Catalog installer properties](#) — A table of the Windows installer properties for the 1E Catalog installer.
- [SLA Platform installer properties](#) — A table of the Windows installer properties for the SLA Platform installer.
- [SLA Business Intelligence installer properties](#) — A table of the Windows installer properties for the SLA Business Intelligence installer.

[Tachyon Server reference](#)

- [Switch Command Lines](#) — Details of command line parameters used by the SwitchCommandLine entry in the Tachyon Switch Host 's Tachyon.Switch.Host.exe.config file.

[Tachyon Agent reference](#)

- [Tachyon Agent command-line parameters](#) — Command-line parameters available to the Tachyon Agent executable.
- [Tachyon Agent installer and configuration properties](#) — Properties available in the Tachyon Agent configuration file, with details of which properties are mandatory or optional during installation, and which properties can be re-configured post-installation.

[Explorer reference](#)

- [Coverage parameters](#) — Details of the parameters available when setting the coverage for a question or action.
- [Devices dashboard filters and charts](#) — Details of the filters and charts available on the Devices dashboard.
- [Responses Summary tab information](#) — Details of the information displayed on the Responses page Summary tab.
- [Tachyon Explorer comparison operators](#) — Details of the operators available when configuring comparisons for different data types, for example question coverage parameters.

[Inventory reference](#)

- [Autocuration and Partial Matching](#)
- [By Device table](#) — The table column headings and descriptions for the By Device table.
- [Product Details table](#) — The table column headings and descriptions for the Product Details table.
- [Secondary App Rules](#)
- [Usage categories](#)

[Tachyon release information](#)

Details of the Tachyon release history, current release notes and details of third-party licenses.

- [Tachyon features by release](#) — A list of the Tachyon features organized by the release they were implemented in. Links through to the features have been provided for convenience.
- [Licenses](#)

[Glossary](#)

A glossary of Tachyon terminology.

[Index](#)

This is an alphabetically sorted list of all the pages in the Tachyon documentation, which you can use if you want to find a particular named page and you don't remember where exactly it lives in the documentation structure.
