

Training

Summary

An introduction to Tachyon training resources, including lab guides.

Available training for Tachyon Platform 5.2

This page provides links to the available training on Tachyon Platform 5.2. There are the following courses for Tachyon:

Tachyon Platform 5.2 - Fundamentals - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-fundamentals>

Tachyon Platform 5.2 - Architecture - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-architecture>

Tachyon Platform 5.2 - Install and Configure - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-install-and-configure>

Tachyon Platform 5.2 - AppClarity - Fundamentals - Link to course: <https://1e.tovuti.io/1e-courses/course/appclarity-v71-fundamentals>

Tachyon Platform 5.2 - Using Application Programming Interface - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-using-application-programming-interface>

Tachyon Platform 5.2 - Using Experience - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-using-experience>

Tachyon Platform 5.2 - Using Explorer - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-using-explorer>

Tachyon Platform 5.2 - Using Guaranteed State - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-using-guaranteed-state>

Tachyon Platform 5.2 - Using Inventory - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-using-inventory>

Tachyon Platform 5.2 - Using Patch Success - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-using-patch-success>

Tachyon Platform 5.2 - Using TIMS - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-using-tims>

Tachyon Platform 5.2 - Tachyon Advanced - Link to course: <https://1e.tovuti.io/1e-courses/course/tachyon-v52-advanced>

The **Fundamentals** course is the start point and is for all those who want to understand what Tachyon is. The **Architecture**, and **Install and Configure** courses are for those need to design, install and configure Tachyon. The individual **Using** courses detail how to use each individual application and should be taken by those with an interest in the specific application. The **Advanced** and **Application Programming Interface** courses are for more advanced Tachyon users.

To access the training follow this link and select the course relevant for you and the version required: <https://1e.tovuti.io/1e-courses>. There is a hands-on lab session available for each course and this should be taken once the on-demand content has been studied. The link for this is <https://1e.tovuti.io/events-cal>

Lab guides for Tachyon Platform 5.2

These lab guides are used in conjunction with Tachyon Platform 5.2 lab training.

Tachyon v5.2 - Install and Configure - Lab Guide

- [Ex 1 - Tachyon v5.2 - Install and Configure - Installing and Configuring Tachyon Prerequisites](#)
- [Ex 2 - Tachyon v5.2 - Install and Configure - Installing Tachyon](#)
- [Ex 3 - Tachyon v5.2 - Install and Configure - Configure Users and Roles](#)
- [Ex 4 - Tachyon v5.2 - Install and Configure - Upload Instruction Sets and Create Management Groups](#)
- [Ex 5 - Tachyon v5.2 - Install and Configure - Working with Instructions](#)
- [Ex 6 - Tachyon v5.2 - Install and Configure - Microsoft Configuration Manager Integration](#)
- [Ex 7 - Tachyon v5.2 - Install and Configure - Consumer Application Configuration](#)
- [Ex 8 - Tachyon v5.2 - Install and Configure - Post installation optional configuration](#)

Tachyon v5.2 - AppClarity Training

Tachyon v5.2 - Application Migration Training

Tachyon v5.2 - Using - Using Experience - Lab Guide

- [Ex 1 - Tachyon v5.2 - Using - Using Experience - The Experience Screens](#)
- [Ex 2 - Tachyon v5.2 - Using - Using Experience - EUC Manager Tasks](#)
- [Ex 3 - Tachyon v5.2 - Using - Using Experience - Level 1/2 Operators](#)
- [Ex 4 - Tachyon v5.2 - Using - Using Experience - Level 3 User](#)
- [Ex 5 - Tachyon v5.2 - Using - Using Experience - The Device View](#)

Tachyon v5.2 - Using - Using Explorer - Lab Guide

- Ex 1 - Tachyon v5.2 - Using - Using Explorer - The Tachyon Exchange
- Ex 2 - Tachyon v5.2 - Using - Using Explorer - Run Verification Instructions
- Ex 3 - Tachyon v5.2 - Using - Using Explorer - Assign Locations
- Ex 4 - Tachyon v5.2 - Using - Using Explorer - Device Criticality
- Ex 5 - Tachyon v5.2 - Using - Using Explorer - Assign Tags
- Ex 6 - Tachyon v5.2 - Using - Using Explorer - Quarantine a Device
- Ex 7 - Tachyon v5.2 - Using - Using Explorer - The Device View

Tachyon v5.2 - Using - Using Guaranteed State - Lab Guide

- Ex 1 - Tachyon v5.2 - Using - Using Guaranteed State
- Ex 2 - Tachyon v5.2 - Using - Using Guaranteed State - The Device View

Tachyon v5.2 - Using - Using Inventory - Lab Guide

- Ex 1 - Tachyon v5.2 - Using - Confirm Inventory Configuration
- Ex 2 - Tachyon v5.2 - Using - Using Inventory as a Viewer
- Ex 3 - Tachyon v5.2 - Using - Using Inventory as an Administrator
- Ex 4 - Tachyon v5.2 - Using - Using Inventory - The Device View

Tachyon v5.2 - Using - Using Patch Success - Lab Guide

- Ex 1 - Tachyon v5.2 - Using - Using Patch Success

Tachyon v5.2 - Using - Using TIMS - Lab Guide

- Ex 1 - Tachyon v5.2 - Using - Creating Instructions and Fragments Using TIMS

Tachyon Advanced v5.2 Lab Guide

- Ex 1 - Tachyon v5.2 Advanced - TIMS Explained
- Ex 2 - Tachyon v5.2 Advanced - TIMS Functions
- Ex 3 - Tachyon v5.2 Advanced - SCALE The Relational Model
- Ex 4 - Tachyon v5.2 Advanced - Creating an Instruction: Critical Services
- Ex 5 - Tachyon v5.2 Advanced - Creating an Instruction that executes a Script
- Ex 6 - Tachyon v5.2 Advanced - Visualization and Aggregation
- Ex 7 - Tachyon v5.2 Advanced - Extending Guaranteed State
- Ex 8 - Tachyon v5.2 Advanced - Real World Examples for Guaranteed State
- Ex 9 - Tachyon v5.2 Advanced - Tachyon Activity Record

Tachyon v5.2 - Using - Application Programming Interface Lab Guide

- Ex 1 - Tachyon v5.2 - Using - Consumer API
- Ex 2 - Tachyon v5.2 - Using - Postman as a Consumer
- Ex 3 - Tachyon v5.2 - Using - Offloading Responses
- Ex 4 - Tachyon v5.2 - Using - Writing a Consumer with Powershell
