

Welcome

To help you get up and running quickly, we've organized the documentation into the following sections:

1. [Introducing Windows Servicing Suite](#) – if you're new to Windows Servicing Suite 4.1 or just want a quick refresh, we recommend you read this section
2. [Implementation](#) – everything you need to know to get Windows Servicing Suite components running in your environment. We talk about:
 - [Preparation](#) – the accounts and permissions you need and things you should be aware of
 - [Prerequisites](#) – which platforms, software and hardware are supported
 - [Installation](#) – how to use the Windows Servicing Suite wizard
 - [Post-installation tasks](#) - things you'll need to do after installing
3. Working with Windows Servicing Suite:
 - [Self-service OS Deployment](#) - learn about the options for allowing users to control their own upgrades and replacements
 - [Creating OS Deployment Task Sequences](#) - step-by-step guides on building out Task Sequences with the full Windows Servicing Suite functionality
